One Step Equations
Question 25

Print out the table. For the function, $y = 2x + 5$, find the corresponding y values for the given x values in the chart below. For each input value, write the input value, the function rule, and the output value.

$y = 2x + 5$		
$y = 2 \text{ times } x \text{ plus } 5$		
Input (x)	Function rule ($2 \cdot x + 5$)	Output (y)
-4		
-2		
0		
3		
5
