Graphs

Question 8

Print out the chart below and survey family members and friends to find which animal is their favorite? Give them three choices and use “other” as the fourth choice. From the data collected, draw a circle graph on paper to display the results. State the category, number of responses per category, and the percent of the pie given for each category. Describe the graph, stating which section of the pie graph is largest and which one is smallest.

<b>What is Your Favorite Animal?</b>			
Category	Tally	Number	Percent of Pie
Other
